## WORK EXPERIENCE

### WORDPRESS DEVELOPER

2024 - Present

#### MACROHYPE | 2024 - PRESENT

As a WordPress Developer at MacroHype, my primary focus is on building and maintaining WordPress websites. I handle all website-related tasks, including creating new websites from scratch and managing maintenance tasks such as making changes and fixing errors. My role involves ensuring that our websites are functional, visually appealing, and optimized for performance.

### SHOPIFY DEVELOPER

2024 - Present

#### MACROHYPE | 2024 - PRESENT

As a Shopify Developer at MacroHype, I specialize in establishing new stores and conducting maintenance tasks. My expertise lies in customizations, error resolution, and optimization to ensure our clients' online stores operate flawlessly.

### WIX DEVELOPER

2024 - Present

#### MACROHYPE | 2024 - PRESENT

As a Wix Developer at MacroHype, I specialize in creating and optimizing Wix websites. I handle all aspects of development, including design, feature implementation, and performance optimization. My goal is to deliver high-quality solutions that meet our clients' needs and uphold our company's reputation for excellence.

### WORDPRESS DEVELOPER

#### ADDIZ TECH | 2020 - 2024

Since 2020, I've been a dedicated Front-end Developer at Addiz Tech, proficient in using several popular page builders including Elementor, Divi, and Wp Bakery. Specializing in creating visually appealing and responsive user interfaces, I am committed to delivering polished, trend-forward designs.

## WORK EXPERIENCE

### FRONTEND DEVELOPER

2020 - 2024

#### ADDIZ TECH | 2020 - 2024

As a Frontend Developer at Addiz Tech from 2020 to 2023, I specialize in front-end development using HTML, CSS, and Bootstrap. I excel in creating visually appealing and user-friendly interfaces, ensuring seamless user experiences. My expertise lies in crafting websites that are both aesthetically pleasing and highly functional, leveraging the power of these technologies.

### SHOPIFY DEVELOPER

2022 - 2024

#### ADDIZ TECH | 2022 - 2024

Since 2022, I have been exclusively focused on Shopify Frontend Development at Addiz Tech. My expertise lies in utilizing drag-and-drop functionality for Frontend design. Despite my relatively limited experience, I am fully committed to refining my skills and creating intuitive user interfaces.

### WEB DEVELOPMENT

2020 - Present

#### FREELANCING

Since 2022, I have been exclusively focused on Shopify Frontend Development at Addiz Tech. My expertise lies in utilizing drag-and-drop functionality for Frontend design. Despite my relatively limited experience, I am fully committed to refining my skills and creating intuitive user interfaces.

## SUMMARY

Mastery in Frontend Development has allowed me to expertly utilize HTML, CSS, and Bootstrap, resulting in the creation of meticulously designed, visually captivating, and seamlessly responsive user interfaces. My proficiency extends to an array of Page Builders, including Elementor, Divi, and Wp Bakery, providing me with the tools to construct dynamic and immersive websites that leave a lasting impression.

In my role as a dedicated Shopify Frontend Developer, I specialize in harnessing the dynamic capabilities of drag-and-drop functionality, streamlining the Frontend design process and enhancing user interaction. My unwavering commitment to staying at the forefront of industry trends, coupled with an insatiable appetite for learning and implementing cutting-edge techniques, sets me apart. This, combined with my deep-seated dedication to user-centric design, propels my mission to deliver extraordinary and unforgettable user experiences.
